

# Safety Data Sheet

according to WHS Regulations

Printing date 12.10.2021

Revision: 12.10.2021

## 1 Identification

**Product Name: GLYCOTE UDDER EMOLLIENT****Other Means of Identification:** Mixture**Recommended Use of the Chemical and Restriction on Use:** Emollient in udder treatment.**Details of Manufacturer or Importer:**DASCO Pty Ltd  
24 - 26 Helen Street  
Heidelberg Heights VIC 3081**Phone Number:** (03) 9459 7004**Emergency telephone number:** 13 11 26 (Poisons Information Centre)

## 2 Hazard(s) Identification

**Hazardous Nature:**

Not classified as Hazardous according to the Globally Harmonised System of Classification and Labelling of Chemicals (GHS) and Safe Work Australia criteria.

Not classified as Dangerous Goods according to the Australian Code for the Transport of Dangerous Goods by Road and Rail. (7th edition)

The product is not classified, according to the Globally Harmonised System (GHS).

**Signal Word** None**Hazard Statements** None

## 3 Composition and Information on Ingredients

**Chemical Characterization:** Mixtures**Hazardous Components:** None**Non Hazardous Components:**

CAS: 56-81-5 | Glycerol &lt;10%

## 4 First Aid Measures

**Inhalation:** If inhaled, remove to fresh air. Seek medical attention if breathing problems develop.**Skin Contact:**

In case of skin contact, immediately remove contaminated clothing and wash affected areas with water and soap. Seek medical attention if irritation persists.

**Eye Contact:**

In case of eye contact, rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Seek medical attention if symptoms occur.

**Ingestion:** If swallowed, do not induce vomiting. Seek medical attention if symptoms occur.**Symptoms Caused by Exposure:**

Inhalation: No adverse effects expected.

Skin contact: Repeated or prolonged skin contact may cause mild irritation.

Eye contact: May cause eye irritation.

Ingestion: May cause gastric upset with abdominal cramps, pain and diarrhoea.

## 5 Fire Fighting Measures

**Suitable Extinguishing Media:** Water fog or fine water spray.

(Contd. on page 2)

# Safety Data Sheet

## according to WHS Regulations

Printing date 12.10.2021

Revision: 12.10.2021

**Product Name: GLYCOTE UDDER EMOLLIENT**

(Contd. of page 1)

**Specific Hazards Arising from the Chemical:**

Hazardous combustion products include oxides of carbon.

Product is not flammable.

Containers close to fire should be removed only if safe to do so. Use water spray to cool fire exposed containers.

Minimise run-off from fire fighting measures entering drains or water courses.

**Special Protective Equipment and Precautions for Fire Fighters:**

When fighting a major fire wear self-contained breathing apparatus and protective equipment.

### 6 Accidental Release Measures

**Personal Precautions, Protective Equipment and Emergency Procedures:**

Wear appropriate protective equipment. Evacuate all non-essential personnel from affected area. Do not breathe vapours. Ensure adequate ventilation.

**Environmental Precautions:**

In the event of a major spill, prevent spillage from entering drains or water courses.

**Methods and Materials for Containment and Cleaning Up:**

Stop leak if safe to do so and absorb spill with sand, earth, vermiculite or some other absorbent material.

Collect the spilled material and place into a suitable container for disposal.

### 7 Handling and Storage

**Precautions for Safe Handling:**

Use of safe work practices are recommended to avoid eye or skin contact and inhalation of vapours. Use only outdoors or in a well-ventilated area.

Food, beverages and tobacco products should not be stored or consumed where this material is in use. Always wash hands before smoking, eating, drinking or using the toilet. Wash contaminated clothing and other protective equipment before storage or re-use.

**Conditions for Safe Storage:**

Store in original container in a cool, dry and well ventilated area. Keep container tightly closed when not in use. Protect from physical damage. Keep away from oxidising agents, strong acids and caustic alkalis.

### 8 Exposure Controls and Personal Protection

**Exposure Standards:**

**CAS: 56-81-5 Glycerol**

NES | TWA: 10 mg/m<sup>3</sup>

**Engineering Controls:**

Ensure adequate ventilation of the workplace. If handling industrial quantities, or if vapour/aerosol risk exists, provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapour as low as possible, at least below the occupational exposure limits.

**Respiratory Protection:**

Use an approved vapour respirator under conditions where exposure to the substance is apparent (e.g. generation of high concentrations of mist or vapour, inadequate ventilation, development of respiratory tract irritation) and engineering controls are not feasible. See Australian Standards AS/NZS 1715 and 1716 for more information.

**Skin Protection:**

Rubber or plastic gloves. See Australian/New Zealand Standard AS/NZS 2161 for more information.

When selecting gloves for use against certain chemicals, the degradation resistance, permeation rate and permeation breakthrough time should be considered.

Impervious overalls, plastic apron, sleeves and boots should be worn when handling industrial quantities. See Australian/New Zealand Standard AS/NZS 4501 for more information.

(Contd. on page 3)

# Safety Data Sheet

## according to WHS Regulations

Printing date 12.10.2021

Revision: 12.10.2021

**Product Name: GLYCOTE UDDER EMOLLIENT**

(Contd. of page 2)

**Eye and Face Protection:**

Eye and face protectors for protection against splashing materials or liquids, such as face shield and safety glasses. See Australian/New Zealand Standard AS/NZS 1337 for more information.

### 9 Physical and Chemical Properties

**Appearance:**

|   |                             |
|---|-----------------------------|
| <b>Form:</b>                                    | Slightly viscous liquid     |
| <b>Colour:</b>                                  | Clear, colourless           |
| <b>Odour:</b>                                   | Odourless                   |
| <b>Odour Threshold:</b>                         | No information available    |
| <b>pH-Value:</b>                                | Neutral                     |
| <b>Melting point/freezing point:</b>            | No information available    |
| <b>Initial Boiling Point/Boiling Range:</b>     | >100 °C                     |
| <b>Flash Point:</b>                             | Not applicable              |
| <b>Flammability:</b>                            | Not flammable               |
| <b>Auto-ignition Temperature:</b>               | No information available    |
| <b>Decomposition Temperature:</b>               | No information available    |
| <b>Explosion Limits:</b>                        |                             |
| <b>Lower:</b>                                   | No information available    |
| <b>Upper:</b>                                   | Not applicable              |
| <b>Vapour Pressure at 20 °C:</b>                | 23 hPa (water)              |
| <b>Density:</b>                                 | No information available    |
| <b>Relative Density:</b>                        | 1.3 g/mL                    |
| <b>Vapour Density:</b>                          | No information available    |
| <b>Evaporation Rate:</b>                        | No information available    |
| <b>Solubility in Water:</b>                     | Miscible in all proportions |
| <b>Partition Coefficient (n-octanol/water):</b> | No information available    |
| <b>Viscosity:</b>                               | No information available    |
| <b>Solvent separation test:</b>                 |                             |
| <b>VOC:</b>                                     | None                        |

### 10 Stability and Reactivity

**Possibility of Hazardous Reactions:** No known hazardous reactions.

**Chemical Stability:** Stable at ambient temperature and under normal conditions of storage and use.

**Conditions to Avoid:** No information available

**Incompatible Materials:** Oxidising agents, strong acids and caustic alkalis.

**Hazardous Decomposition Products:** Oxides of carbon.

### 11 Toxicological Information

**Toxicity:****LD50/LC50 Values Relevant for Classification:****CAS: 56-81-5 Glycerol**

|      |                  |                    |
|------|------------------|--------------------|
| Oral | LD50             | 12600 mg/kg (rat)  |
|      | TDL <sub>o</sub> | 1428 mg/kg (human) |

**Acute Health Effects**

**Inhalation:** No adverse health effects expected.

**Skin:** No adverse health effects expected.

(Contd. on page 4)

# Safety Data Sheet

## according to WHS Regulations

Printing date 12.10.2021

Revision: 12.10.2021

**Product Name: GLYCOTE UDDER EMOLLIENT**

(Contd. of page 3)

**Eye:** May be irritating to eyes.**Ingestion:** May cause gastric upset with abdominal cramps, pain and diarrhoea.**Skin Corrosion / Irritation:** Based on classification principles, the classification criteria are not met.**Serious Eye Damage / Irritation:** Based on classification principles, the classification criteria are not met.**Respiratory or Skin Sensitisation:** Based on classification principles, the classification criteria are not met.**Germ Cell Mutagenicity:** Based on classification principles, the classification criteria are not met.**Carcinogenicity:** This product does NOT contain any IARC listed chemicals.**Reproductive Toxicity:** Based on classification principles, the classification criteria are not met.**Specific Target Organ Toxicity (STOT) - Single Exposure:**

Based on classification principles, the classification criteria are not met.

**Specific Target Organ Toxicity (STOT) - Repeated Exposure:**

Based on classification principles, the classification criteria are not met.

**Aspiration Hazard:** Based on classification principles, the classification criteria are not met.**Chronic Health Effects:** Repeated or prolonged skin contact may cause mild irritation.**Existing Conditions Aggravated by Exposure:** No information available

### 12 Ecological Information

**Ecotoxicity:****Aquatic toxicity:**

No adverse ecological effects are expected. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.

**Persistence and Degradability:** No data available on finished product.**Bioaccumulative Potential:** No data available on finished product.**Mobility in Soil:** No data available on finished product.**Other adverse effects:** No information available

### 13 Disposal Considerations

**Disposal Methods and Containers:** Dispose according to applicable local and state government regulations.**Special Precautions for Landfill or Incineration:**

Please consult your state Land Waste Management Authority for more information.

### 14 Transport Information

**UN Number** Not regulated**Proper Shipping Name** Not regulated**Dangerous Goods Class** Not regulated**Packing Group:** Not regulated

### 15 Regulatory Information

**Australian Inventory of Industrial Chemicals:**

All ingredients are listed.

(Contd. on page 5)

# Safety Data Sheet

## according to WHS Regulations

Printing date 12.10.2021

Revision: 12.10.2021

**Product Name: GLYCOTE UDDER EMOLLIENT**

(Contd. of page 4)

**Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP) - Poison Schedule:**

Not a scheduled poison.

### 16 Other Information

**Date of Preparation or Last Revision:** 11.10.2021**Prepared by:** MSDS.COM.AU Pty Ltd[www.msds.com.au](http://www.msds.com.au)**Abbreviations and acronyms:**

GHS: Globally Harmonised System of Classification and Labelling of Chemicals

CAS: Chemical Abstracts Service (division of the American Chemical Society)

VOC: Volatile Organic Compounds

LC50: Lethal concentration, 50 percent

LD50: Lethal dose, 50 percent

IARC: International Agency for Research on Cancer

STEL: Short Term Exposure Limit

TWA: Time Weighted Average

NES: National Exposure Standard (Safe Work Australia - Workplace Exposure Standards For Airborne Contaminants)

**Disclaimer**

This SDS is prepared in accord with the Safe Work Australia document "Code of Practice for the Preparation of Safety Data Sheets for Hazardous Chemicals - July 2020"

The information contained in this safety data sheet is provided in good faith and is believed to be accurate at the date of issuance. DASCO Pty Ltd makes no representation of the accuracy or comprehensiveness of the information and to the full extent allowed by law excludes all liability for any loss or damage related to the supply or use of the information in this material safety data sheet.
